D-SAACP to NACP Bridge Application

SUBMISSION INSTRUCTIONS & REQUIREMENTS FOR D-SAACP TO NACP BRIDGE APPLICATION

This application is intended to be used by those moving from military to civilian advocacy, or those who wish to be dual credentialed by both D-SAACP and NACP. A Bridge Application may only be used to initially bridge your D-SAACP to NACP Credentials at their current NACP equivalent level.

Once a Bridge Application is approved and the applicant holds an active NACP Credential, they will use an NACP Application to renew their credentials during the appropriate NACP Term.

Only DoD personnel who hold a Current D-SAACP Credential or those whose D-SAACP Credentials have **expired within 3 months at the time of submission** are eligible to apply with a Bridge Application. If your D-SAACP credentials have been inactive for over 3 months at the time of your submission, you do not meet the requirements to apply for NACP Credentialing using a Bridge Application and are required to use a [standard NACP Application](#).

Please note: The application fee will cover your NACP Credentials until your D-SAACP Credentials expire. To extend your NACP Credentials for a full two-year Credentialing period, please complete an [NACP Continuing Education \(CE\) Information Sheet](#) and provide documentation of 32 CE hours. To meet this requirement, you must submit 32 CE hours that have not been used to date.

This page is for reference only. Do not submit it with your NACP Application.

National Organization for Victim Assistance

CODE of PROFESSIONAL ETHICS for VICTIM ASSISTANCE PROVIDERS

Adopted by the NOVA Board of Directors, April 22, 1995; Revised January 2021

Victims of crime and the criminal justice system expect every paid or volunteer Victim Assistance Provider to act with integrity, to treat all victims and survivors of crime—their clients—with dignity and compassion in an inclusive, equitable, anti-racist and accessible manner, and to uphold principles of justice for accused and accuser alike. To these ends, this Code will govern the conduct of Victim Assistance Providers:

I. In relationships with every client, Victim Assistance Providers shall:

1. Recognize the interests of the client and client empowerment as a primary responsibility.
2. Respect and take steps to protect the client's civil and legal rights.
3. Respect the client's rights to privacy and confidentiality, subject only to laws or regulations requiring disclosure of information to appropriate other sources.
4. Respond compassionately to each client with personalized, inclusive, equitable, anti-racist, anti-oppressive and accessible services, recognizing the power and privilege differentials present within the helping relationship.
5. Accept the client's statement of events as it is told, withholding opinion or judgment, whether or not a suspected offender has been identified, arrested, convicted, or acquitted.
6. Provide services to every client without attributing blame, regardless of the client's conduct at the time of the victimization or at another stage of the client's life.
7. Foster maximum self-determination on the part of the client through client-centered advocacy.
8. Serve as a victim advocate when requested and, in that capacity, act on behalf of the client's stated needs without regard to personal convictions and within the rules of the advocate's host agency.
9. In the event one's client's needs conflict with another's, act with regard to one client only after promptly referring the other to another qualified Victim Assistance Provider.
10. Protect client privacy and safety when communicating with clients and other service providers using technology (i.e., phone, e-mail, text messaging, online chats and video calls), working within agency guidelines to explain relevant risks to clients and mutually agree upon safe ways to communicate.
11. Establish and maintain professional boundaries with current clients at all times, including actively avoiding dual relationships (such as personal friendships or romantic relationships) and observe the ethical imperative to have no sexual relations, in recognition that to do so risks exploitation of the knowledge and trust derived from the professional relationship.

12. When interacting with former clients, refrain from personal and romantic relationships and observe the ethical imperative to have no sexual relations for at least five (5) or more years after the termination of the professional relationship, recognizing that to do otherwise risks exploitation of the knowledge and trust derived from the professional relationship.
13. Recognize the signs and impact of compassion fatigue and vicarious trauma and make client referrals as appropriate to other resources or services only in the client's best interest, avoiding any conflict of interest in the process.
14. Provide opportunities for colleague Victim Assistance Providers to seek appropriate services when traumatized by a criminal event or a client.

II. In relationships with colleagues, other professionals, and the public, Victim Assistance Providers shall:

1. Conduct relationships with colleagues in such a way as to promote mutual respect, public respect, and improvement of service.
2. Provide constructive and informed critical feedback to colleagues when determined necessary for the betterment of services.
3. Conduct relationships with allied professionals such that they are given equal respect and dignity as professionals in the victim assistance field.
4. Share knowledge and encourage proficiency and excellence in victim assistance among colleagues and allied professionals, paid and volunteer.
5. Provide professional support, guidance, and assistance to Victim Assistance Providers who are new to the field in order to promote consistent quality and professionalism in victim assistance.
6. Seek to ensure that volunteers in victim assistance have access to the training, supervision, resources, and support required in their efforts to assist clients.
7. Act to promote anti-racist, inclusive crime and violence prevention as a public service and an adjunct to victim assistance.
8. Respect laws of one's state and country while working as agents of change on those that may be unjust or discriminatory.
